**VISSMANN**

We support winter sports. Both now and in the future.

At Viessmann, we have been committed to winter sports for generations. For over 25 years, we have supported many sports, international federations and athletes.

And it is precisely because of future generations that the environment is also very close to our hearts: our sustainable Viessmann climate solutions save 500,000 tonnes of CO<sub>2</sub> worldwide every year.

Join us in our efforts.

## ANNECY-LE GRAND-BORNAND : the biathlon has found its French home from home...

The French biathlon achieved world renown in the early 2000s. All that was missing was a major event. Since the 1992 Winter Olympics in Albertville, no major world-class event had been held on French soil aside from the 2004 Biathlon Junior World Championships in Haute-Maurienne and 1995 European Championships in Le Grand-Bornand.

Métabief, Bessans, Autrans, Chamonix and Le Grand-Bornand bid to host a World Cup. After much deliberation, the French Ski Federation (FFS) selected Le Grand-Bornand on November 24th 2007, approving the assets of a site that was part of Annecy's bid to host the Winter Olympics in 2018.

The IBU approved the French bid and the French Ski Federation awarded the **four legs of the World Cup to Annecy-Le Grand-Bornand to host in December 2013,**

**2017, 2019 and 2021.** This is the next chapter of the story... **to be continued in 2024 and 2025.**

### INTERNATIONAL SYLVIE BECAERT STADIUM: WELCOME TO THE «MONACO OF THE BIATHLON»!

When it comes to Le Grand-Bornand's international biathlon stadium, the name says it all. It's named after **Sylvie Becaert**, a home-grown champion in the 2000s and figurehead for resort athletes. Her name was the natural choice for the World Cup stadium that made its debut in March 2011 for the IBU Cup finals.

The stadium **is the only site in France to have the IBU licence A** and meet international standards with thirty targets on its shooting range, a penalty loop, open and compact cross-country ski pistes, a start and finish area and spectator areas.

Aside from its technical features, the Sylvie Becaert stadium **is unique on the world circuit** for its pop-up concept and village location, **making it to the biathlon what Monaco is to motor racing.**

It melts into the majestic Aravis landscape, is convenient for spectators and designed to be **as eco-friendly as possible.**

**LE GRAND  
 BORNAND**

How far we've come since we first bid in the early 2000s... And how far the sport has come too! It's going to be quite a show, especially since our athletes will want to impress their fans on home turf. Get involved and support the French team in Le Grand-Bornand!

**Sylvie Becaert** – Ambassador for the Annecy-Le Grand-Bornand BMW IBU Biathlon World Cup. Two-time world champion in 2003 and 2009, two-time Olympic medallist in 2006 and 2020 and World Cup champion (sprint) in 2003, flying the flag for Le Grand-Bornand.

**THE ORGANISING COMMITTEE WISHES YOU A GREAT WORLD CUP!**

|| Le Grand-Bornand will once again set the scene for the biathlon: it will be our 5th time hosting this stage of the world cup so dear to French spectators! We're so proud to see how much enthusiasm around the competition grows every year. The Anancy – Le Grand-Bornand stage is always exciting: 2021 saw our French athletes dazzle the massive turnout supporting them on the pistes and at the Sylvie Becaert stadium in the heart of the village. The memories we have are unforgettable. I know the 2022 event has amazing sporting and social experiences in store for us!

Our volunteers and committee members are pulling out all the stops to make the next event a roaring success. Given the major challenges facing leading sports events, we know which changes need to be made and we're working on them as we speak. My hope is that the mountain of the future will remain warm and welcoming! ||

**André Perrillat-Amédé**  
Anancy - Le Grand-Bornand Biathlon Committee President  
and Le Grand-Bornand Mayor

|| Anancy is delighted to host this stage of the World Cup. Once again, our mountains set the scene for dazzling sporting events that put the spotlight on sporting values and specifically on our region's signature sport: skiing. It's also an opportunity to come together to discuss the mountain of the future at a time when restraint and adapting to climate change have never been so high on the agenda. Let's plan the future together! ||

**François Astorg**  
Anancy - Le Grand-Bornand Biathlon Committee Vice President  
and Anancy Mayor

|| The Anancy-Le Grand Bornand Biathlon World Cup has become a key stage of the World Cup over time. Our biathletes shone so bright in the last event that they were ready and raring for the Beijing Olympics. Given how important it is to compete on home turf, you can bet that our athletes will draw on everything they have to bring us the thrill of victory and put their sport in the spotlight.

I'm rooting for our athletes to perform at their best in Le Grand-Bornand and boost their confidence for the Biathlon World Cup in February 2023 in Germany. I would like to say a big thank you to the councillors, organisers and volunteers who have spent years working to make the Anancy-Le Grand-Bornand Biathlon World Cup a sporting and social success to promote our area, the Auvergne Rhône-Alpes region and Haute Savoie département in particular. Have a wonderful white winter everyone! ||

### THE HAUTE-SAVOIE DÉPARTEMENT AND AUVERGNE RHÔNE-ALPES REGION ON THE START LINE...

« This adventure would not be possible without the fantastic support of the Haute-Savoie Département Council and Auvergne-Rhône-Alpes Regional Council » underline the committee's presidents and founding members. On top of funding from the two key institutional partners of the Annecy-Le Grand-Bornand BMW IBU World Cup Biathlon, the Haute-Savoie Département will invite over **2500 secondary school students** and the Auvergne-Rhône-Alpes Region will invite **500 college students** to share the sport's values with them and encourage them to get involved in winter sports.

|| Auvergne-Rhône-Alpes is the biggest ski area in the world and the biggest mountain and winter sports region. The biathlon is a leading winter sport that has become hugely popular in recent years following the feats of our champions such as Martin Fourcade. Once again, hosting a stage of the World Cup is a huge source of pride for our region. Best of luck to the competitors and let's all get behind our regional biathletes! ||

**Laurent Wauquiez**  
Auvergne-Rhône-Alpes Region President

|| The 2021 Biathlon World Cup was undoubtedly a huge success in terms of both sport, with winning French athletes, and community. The Haute-Savoie Département Council is proud to once again partner the event and introduce our secondary school students to the biathlon and its values. It will be a real pleasure hosting over 250 athletes from 30 different nations on the land of competition that is Haute-Savoie! ||

**Martial Saddier**  
Haute-Savoie Département President

### ... AND THE THÔNES VALLEYS VERY INVOLVED!

|| The world's best biathletes will once again return to Le Grand-Bornand this winter for a World Cup stage. They will get the crowd on their feet with their heart-stopping sprints and inspire the growing numbers of young competitors attracted to this demanding sport. Le Grand-Bornand excels in organising these major sporting and social events that get the whole area involved. The CCVT is proud to represent the area and support the event; well done and thank you to the organisers! ||

# Building big moments in sport

The passionate team at Infront understands the needs of our partners and offers them tailor-made solutions to create the greatest moments in sport.

With more than 30 years of experience, Infront is one of the few companies that offers everything an event or commercial partner needs. Be it the sale of media rights, TV production, digital content, events, sponsorship, hospitality and consultancy, Infront has developed innovative solutions to ensure the success of almost 200 rights holders around the world.

Since 1992, Infront has supported the International Biathlon Union (IBU) and the national federations in hosting IBU events at various competition levels. As marketing partner, Infront has helped develop biathlon from a niche sport into one of the most popular winter sports and will further enhance its premium value and commercial strength in the future.

## All about sports

infront.sport  
@infrontsports

## THE EVENTS in brief:

The biathlon has military roots and was included in the Winter Olympics for the first time in 1960. The word derives from the Latin «bi» («two») and Greek «athlon» (combat, contest). The sport combining cross-country skiing and rifle shooting requires calm and dexterity...

### Sprint:

The sprint is the shortest event with the smallest amount of shooting. The emphasis is on speed and performance on the skis. The athletes start one after the other, every 30 seconds. The final result of the race is important, since it decides on the starting order for the pursuit.

#### Men

Distance: 10 km – 3 loops of 3.3 km with 2 shootings (prone/standing) + 1 loop of 150 m for a missed target

#### Women

Distance: 7.5 km – 3 loops of 2.5 km with 2 shootings (prone/standing) + 1 loop of 150 m for a missed target

### Pursuit:

Unlike for the sprint, all the biathletes race together on the track. The starting order depends on the standing after the sprint. The pursuit is a very intense race with plenty of exciting developments. With the short distance and the four shootings, competitors can soon find themselves at the foot of the rankings, making this a mentally demanding event even for the most experienced athletes.

#### Men

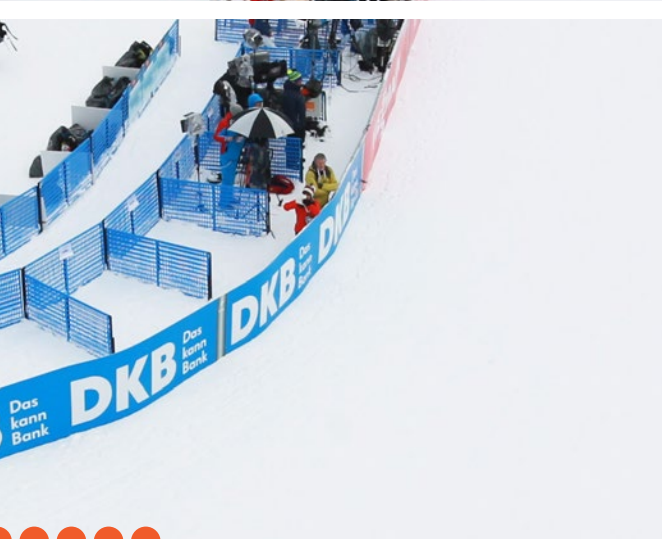

Distance: 12.5 km – 5 loops of 2.5 km with 4 shootings (prone/prone/standing/standing) + 1 loop of 150 m for a missed target

#### Women

Distance: 10 km – 5 loops of 2 km with 4 shootings (prone/prone/standing/standing) + 1 loop of 150 m for a missed target

## Mass start:

The mass start is quite similar to the pursuit, but without time intervals at the start. All the athletes set off at the same time. So this is also a tense, exciting race with only the first 25 competitors in the general World Cup standing and athletes with the top five performances in the current race taking part.

### Men

Distance: 15 km – 5 loops of 3 km with 4 shootings (prone/prone/standing/standing) + 1 loop of 150 m for a missed target

### Women

Distance: 12.5 km – 5 loops of 2.5 km with 4 shootings (prone/prone/standing/standing) + 1 loop of 150 m for a missed target

## LE GRAND-BORNAND, integral to the history of French biathlon

Nordic skiing has always been part of Le Grand-Bornand's sporting legacy, as has the biathlon. Its legacy is fuelled by its athletes and expertise in hosting first class events. Here's a potted history of the milestones that have stood out in the sport... and resort.

### 80-90s •

Le Grand-Bornand hosted the Alpen Cup on several occasions, the IBU Cup's predecessor and final hurdle before the World Cup. **Christophe Vassallo**, now president of the IBU technical committee and Ski Club member, took part on several occasions.

### 1995 •

The IBU hosted the **European Championships** for the first time and **selected Le Grand-Bornand** to host it. The sprint champion **Raphaël Poirée** won his first major international title as a senior here.

### 2003 •

**Sylvie Becaert** was **world sprint champion** in Kanthy-Mansiysk. The homegrown athlete won two Olympic medals, five world championships and one World Cup during her career.

### 2007/2011 •

The French Cross-Country Ski Championships are a major annual event that end the season on a high. The event finished in a blaze of glory in 2007 when **Raphaël Poirée** and **Florence Baverel** **picked up their rifles one last time** before taking to the skies for a helicopter ride as the resort paid tribute to two great champions.

The French Ski Federation selected the **Le Grand-Bornand site** as part of the French bid **to host a World Cup**. The resort was chosen to host two legs in **2011** (which was cancelled) and **2013** as well as the **IBU Cup final in 2011**.

### 2013 •

Le Grand-Bornand hosted **the first stage of the Biathlon World Cup in France**. The Military World Games took place in Annecy. Le Grand-Bornand hosted the cross-country skiing and biathlon events.

### 2017 •

Le Grand-Bornand staged **the third leg of the World Cup** which stood out for **Martin Fourcade** and **Justine Braisaz's success** in the mass start.

### • 2019

The French team once again took centre stage with 4 podium finishes in 6 events for **Quentin Fillon-Maillet** (2), Emilien Jacquelin and Justine Braisaz who performed in front of a fervent record crowd.

### • 2020

The IBU awarded the World Cup to Annecy-Le Grand-Bornand in **2022, 2024** and **2025**. Le Grand-Bornand is a land of champions and also home to biathletes **Benjamin Daviet** (three-time paralympic champion in 2018 and four-time world champion in 2015 and 2017), **Sophie Chauveau** (French team/group B) and **Damien Levet** (French team/Youth group): the future is safe in their hands!

### • 2021

The French team had the perfect week in front of a record crowd with **Emilien Jacquelin** and **Quentin Fillon-Maillet** coming top in the mass start, **Quentin Fillon-Maillet's** success in the pursuit and **Julia Simon** (pursuit and mass start) and **Anaïs Bescond's** (sprint) podium finishes.
